

Economical tips for micropipettes

Economical, universal tips suitable for all brands of micropipettes and routine applications. Packaged in bulk (bag).

Cat. No.	Colour	Volume (µl)	For micropipette	Units/ bag	€ Excl. VAT/ bag
391452	Natural	0.5 - 10	Gilson, Sartorius Biohitfamily	1000	NC -
391453	Natural	0.5 - 10	Eppendorf Research Socorex	1000	NC -
391454	Natural	2 - 20	Eppendorf Reference	1000	NC -
391450	Yellow	2 - 200	Universal	1000	NC -
391455	Yellow	2 - 200	Gilson	1000	NC -
391456	Natural	2 - 300	Gilson, Finnpiquette Sartorius Biohitfamily	1000	NC -
391457	Natural	10 - 300	Eppendorf, Gilson Sartorius Biohitfamily	1000	NC -
391451	Blue	100 - 1000	Gilson, Socorex Sartorius Biohitfamily	1000	NC -
391458	Blue	1000 - 5000	Gilson, Socorex	250	NC -
391459	Natural	1000 - 5000	Eppendorf	100	NC -
391459B	Natural	1000 - 5000	Eppendorf	250	NC -
391460	Natural	1000 - 5000	Finnpiquette	250	NC -
391461	Natural	100 - 10000	Gilson, Socorex, Finnpiquette	100	NC -

EpT.I.P.S. Tip GELoader 0.5 - 20 µl Eppendorf

Long tapered tip for damage-free gel deposition.

- > For Research plus, Reference and Xplorer micropipettes
- > High accuracy
- > Total length : 62 mm, capillary length : 15 mm
- > Outer ø : 0.3 mm, Inner ø: approx. 0.12 mm
- > Volume : 0.5 - 20 µl
- > Autoclavable (121°C, 20 min)

Cat. No.	Description	€ Excl. VAT the 2 racks of 96
033202	epT.I.P.S. Tip GELoader Eppendorf	NC -

Capillary tips for FEMTOTIPS micro-injection

Capillaries for microinjection. 2 models :

- Femtotips® : for reproducible injection of adherent cells ; inn ø x out ø: 0.5 x 1 µm ;
- Femtotip II: for reproducible injection of adherent and suspension cells; inn ø x out ø: 0.5 x 0.7 µm.

- > Sterile
- > Strictly defined light
- > Fast mounting screws

Cat. No.	Description	€ Excl. VAT 20 units
034901	Capillaries Femtotips®	NC -
034902	Capillaries Femtotip II	NC -

Microloader™ Sharp Tip

- > Long filament tip
- > Suitable for loading micro-injection capillaries from the rear
- > Fits on Eppendorf 10 µl pipettes
- > On autoclavable rack

Cat. No.	Description	€ Excl. VAT 2 x 96
034903	Microloader Tip	NC -

Capillary micropipettes for PCR

Capillaries equipped with a stainless steel positive displacement piston. In boxes of 100 capillaries + 100 pistons.

- > No aerosol
- > Real sample measurement, independent of viscosity
- > Autoclavable

Cat. No.	Description	Units/ box	€ Excl. VAT/ box
075040	Capillary micropipettes for PCR 5 µl	100	NC -
075041	Capillary micropipettes for PCR 10 µl	100	NC -
