

Nunc 96-well storage blocks

Polypropylene or polystyrene plates for sample storage, suitable for most robotic systems.

- Alphanumeric index
- Can be closed with an adhesive or a flexible mat
- Round-bottom cylindrical wells
- Possibility of placing a barcode

Nunc lids and flexible lids

Lids

Three models:

- Universal lid, without cut-off for all plates;
- Ultra low profile cover with very low height;
- LowBot lid, specifically designed for robotic handling, very flat profile, with short skirt to allow barcode marking on the plate without removing the lid.
